# PISTON COMPRESSOR WITH CAST IRON BLOCK

A reliable and robust range, built with top quality components for rugged industrial duty.

The compressors are running at optimal speed, to ensure lower noise levels and extended lifetimes, guaranteeing a greater performance. They are perfectly suitable for the more demanding and intensive applications.

## ROBUST, RELIABLE AND PROVEN TECHNOLOGY

				
<b>User friendly operation</b>	<b>Ease of maintenance</b>	<b>Safety</b>	<b>Efficient cooling</b>	<b>Strong and robust</b>
Pressure switch and Pressure gauge for easy monitoring and control	Clear oil level indication	Metal belt guard offering sturdy protection	Intercooler & aftercooler, large cooling ribs and additional fins	Full range of specially selected cast iron pumps. High quality components like robust motor

### Technical data

Model	Piston Displacement	Maximum Pressure	Motor	Dimension (L x B x H)			Weight	Tank
	CFM	Bar	HP	mm			Kg	L

### Service Features

#### Quality products ably supported by quality service!

At Chicago Pneumatic, it is our constant endeavour to provide you with the best equipment and service solutions. Our compressors are supported by a network of trained service support and ensure spare parts availability. They are available for any technical consultation to optimize the performance of your equipment and ensure reliable operation. With a wide network spread across the country, we are never too far away, to help you solve your problems. Anytime, Anywhere.

#### Spare Parts:

Multiple types of service kits are available for all models, as well as single spare parts. This helps to properly plan maintenance saving time and money.

and many more...

Since 1901 the Chicago Pneumatic name has represented reliability and attention to customer needs, with construction, maintenance and production tools and compressors designed for specific industrial applications. Today, Chicago Pneumatic has a global reach, with local distributors around the world.

Our people start every single day with a passion to research, develop, manufacture and deliver new products that are meant to meet your needs not only today, but tomorrow as well. To learn more, visit [www.cp.com](http://www.cp.com).
